

Summer on Southport

Coming July 19th and 20th!

Summer on Southport is an important community-building event and fundraiser designed to support the SNA community. The event takes place on Southport from Byron to Waveland from 10-10 on Sat and 10-9 on Sun. By day our **Children's Festival** is the best in the City and offers great children's musicians and activities. This year Capri Sun is coming as part of their Nationwide tour. They will take over part of the Blaine School lot and feature a climbing wall and skateboard park. We'll also have Guitar Hero, Dance Dance Revolution, Laser Tag, Pouch Heroes, a green screen, a gaming tent, the popular camel rides and much more. For the little ones, we will have face painting, balloon artists, art projects, and more. And the Lakeview Chamber is sponsoring the very popular Smarty Pants again. In the evening, we have a fantastic lineup of adult bands. See the insert for our lineup.

Also, please come and visit our "Green Pavilion". This is a new addition to the festival, with green business owners who are available to help you live greener. Check out the following environmentally-focused companies: Cooler Planet, Chicago Biofuels, Shaklee Green Cleaning Supplies, Intrinsic Landscaping, Climate Cycle.org, I-Go Cars, EcoScene Magazine, Horigan Urban Forest Products, MowTown, Solar Service Inc., 2800 N. Lincoln, City of Chicago Dept of Environment and more. **ALSO, bring your used ink cartridges to the SNA Booth for recycling.**

Don't miss our **Southport businesses who will offer a sidewalk sale** – many will offer *double Shop Lakeview dollars* during the fest. And, the Music Box Theater will be showing *Tron* on Saturday and *Lawrence of Arabia* on Sunday, both in 70mm (check with the Theater for show times). As always, please stop by the Southport Neighbors booth with any questions. We are offering free memberships to all **NEW** members from 10-4 both days.

Summer on Southport Needs You!!

More volunteers are needed for the Summer on Southport Festival. Volunteers are needed on Saturday July 19th and Sunday July 20th for a 2 hour shift, especially the later shifts on Saturday and Sunday. If you can donate 2 hours of your time to support this great community event, please email julieyanez@sbcglobal.net today!!

WHY VOLUNTEER? The kids, the much sought after Summer on Southport T-shirts, the volunteer appreciation party, and that great feeling inside when you meet your neighbors and give your time to your community.

Thanks in advance for your willingness to volunteer.

We look forward to making this year's festival a great success!

CAPS Update

There have been a couple of home invasions and we continue to get hit with vandalism and auto thefts in our area. Be extremely careful. Do not open the door for anyone you do not know or expect. Watch out for your neighbors while they are away. Call 911 if you see any suspicious activity. If you would like a Neighborhood Watch sign for your window would like to volunteer as a block representative on crime issues please email president@southportneighbors.com.

The 19th District is holding several events in the upcoming months.

The Block Club Convention will be held on 19 July 2008, 10:00 A.M., at DeVry University, 3300 N. Campbell. CAPS will be providing information and assistance on forming block clubs and contact information to request city services.

The National Night Out will be held on 5 August 2008, 600 P.M., at revere Park, 2509 W. Irving. The district will be providing food and drinks and then hold an anti-crime rally and youth forum. The purpose of this event is to demonstrate our district's commitment to reducing crime in our area through our partnership with the citizens of our district.

Why shop at Southport Green Market???

You know where your food is coming from!

Southport Green Market is one of the few markets in the city where all farmers grow 100% of the products they sell or belong to a cooperative of growers. Cooperative growers are actively involved in understanding the growing or producing of what they are selling.

The ability to trace your food back to its source is refreshing considering all of the recent health concerns regarding our produce. We should all know where our food comes from and how it is being produced. Southport Green Market provides our community with the opportunity to get to know our local farmers, to seek out a wide range of fruits and vegetables grown locally and sustainably and to have a seasonal diet. Locally grown food tastes better and is better for us. Food that sits in a refrigerated truck for a long period of time loses its fresh taste and some of its nutrition. Most of the best restaurants in Chicago feature locally grown ingredients.

Eat seasonally - diversify your menu - enjoy flavorful food!

Shop the market every Saturday from 8-12pm through October 18th....the more successful our market becomes, the more producers we will attract!!

Sheil Park Playground Renovation Update

The playground at Sheil Park is undergoing a terrific renovation! They need to raise \$250,000, and they are halfway there.

Historic Property Saved!

At the April SNA Community Meeting, the members voted overwhelmingly in opposition to a developer's plan to tear down 1418 W. Addison, also known as the Bopp House. The Bopp House was built around 1890 and is one of the oldest residences in West Lakeview and only one of a handful of late 19th Century Queen Ann style structures. The property currently sits at the corner of Addison and Southport as a single family home on a large lot. The developer proposed to tear down the building and up-zone the property to B2-2 from RT 3.5 to allow 6 new luxury condominiums.

While the Community voted against the plan, the size of the lot still gave the developer the right to tear it down and build 6 units significantly smaller than those proposed. Alderman Tunney involved the Landmarks Office who asked the developer to withdraw his demolition permit and work with the community to redevelop the property saving the façade. The developer has agreed to do this and is now working with the Alderman and the Landmarks Office as well as SNA's Planning and Development Committee to save the entire façade but to allow condos on the backside and east side of the property. This will help preserve the significant historic character of the building. We are told the property is too expensive and too close to the Jewel alley and the commercial district to redevelop as a single family home.

The Community will be notified of the revised plans as they become available.
